Sollysta Wiring Accessories

Our expansive range of Sollysta Wiring Accessories have been designed from the beginning to be installer friendly, tactile & safe.

Sollysta Decorative Wiring Accessories

Elegant Functionality
Our Sollysta Wiring Accessories range uses modern design to combine stylish aesthetics and quality without compromising on functionality, reliability or safety.

Sollysta provides a complete range of wiring solutions suited for the residential and commercial markets.

Three Finishes
Sollysta Decorative wiring accessories are available in 3 finishes; brushed steel, polished steel and black nickel.

Lead-ins & Wire End Stops
Moulded lead-ins help to guide the driver blade to the screw head whilst a positive wire end stop provides added security of connection.

Inserts
Following suit of for the rest of the Sollysta family, the option for white or black inserts are available for the majority of the decorative range.
