Sollysta Wiring Accessories

Our expansive range of Sollysta Wiring Accessories have been designed from the beginning to be installer friendly, tactile & safe.

Sollysta
Wiring Accessories

Sollysta, our Wiring Accessories range, offers solutions that are not only aesthetically pleasing but they were created to save time during installation and provide optimum safety.

Our range was specifically designed to inspire confidence and provide a solution that is not only stylish but reliable as well.

The Sollysta Family
Sollysta offers wiring solutions for any application with our White Moulded, Decorative Grid, IP66 and metalclad ranges.

Easier
Terminals on the back all face the same direction, removing the need to rotate the product during installation.

Loop Terminal
Sollysta switches come with a unique patented neutral loop terminal to provide easy neutral conductor termination at a workable height for installers.

Same Features Throughout
Features remain the same across all ranges of Sollysta.
You know you're getting a reliable, quality solution whatever the range.
