How can I control cookies?

In compliance with regulations, you have the right to oppose and to access personal data.

You can choose to block or deactivate cookies at any time. Internet browser default parameters are usually set to accept cookies. You can change this setting by changing your browser's parameters. You can accept or refuse cookies on a case-by-case basis, depending on their issuing site, or you can systematically refuse all of them.

Remember that changing settings may modify your access conditions to our services which require the use of cookies. Therefore, if you do decide to deactivate certain cookies (e.g. functionality cookies), you may not be able to access some parts of our websites.

To manage cookies as you wish, please change your browser settings bearing in mind the role of the cookies as specified above.

Each browser has a different configuration. This configuration is described in your browser's help menu. Open this menu to find out how to set your cookie preferences.

You can deactivate cookies following the instructions below:

Internet Explorer

From the Tools menu, or the Tools drop-down at the upper right, select Internet Options.
To manage cookie settings, select the Privacy tab and click Advanced. To override the automatic cookie settings, click Override automatic cookie handling and then make your selections using the radio buttons.
To view or remove individual cookies, select the General tab. Under "Browsing history", click Settings. Select either View objects or View files.
To delete all cookies, under "Browsing history", click Delete…. Check Cookies and then click Delete.

Firefox

From the Tools menu, select Options. At the top of the window that appears, click Privacy.
To manage cookie settings, from the drop-down menu under "History", select Use custom settings for history. Enable or disable the settings by checking or unchecking the boxes next to each setting:
To allow sites to set cookies on your computer, select Accept cookies from sites. To specify which sites are always or never allowed to use cookies, click Exceptions.
To accept third-party cookies, check Accept third-party cookies. In the "Keep until:" drop-down menu, select the time period you wish to keep cookies on your computer.
To specify how the browser should clear the private data it stores, check Clear history when Firefox closes. Click Settings…. Check the items to be cleared when you close Firefox.
To view or remove individual cookies, click remove individual cookies.
To remove all cookies, from the History menu, select clear your recent history. Click the arrow next to "Details" to expand the menu, check the items you want to clear, and then click Clear Now.

Safari

From the Safari menu, select Preferences.
In preferences window, click Privacy.
To view and delete individual cookies, click Details.
To delete all cookies and other website data, click Remove All Website Data.
To manage cookies, such as blocking cookies and limit website access to location services, choose available options.

Google Chrome

From the Chrome menu in the top right corner of the browser, select Settings. At the bottom of the page, click Show advanced settings.
Under Privacy, select Content settings.
To manage cookie settings, check or uncheck the options under "Cookies".
To view or remove individual cookies, click All cookies and site data and select entries of your choice. Select the X that appears next to the cookie to remove it.
To delete all cookies, click All cookies and site data and select Remove all.
