# How it works

## Choose your course

Whether you have five minutes or an hour to spare, choose from Hager products At a Glance, Product Training or Solution Training.

## Manage your training

Keep track of your progress through your own personal dashboard and look back at the courses whenever you need a refresher.

## Receive your certificate

Complete your technical product training and pass the quiz to receive your Hager Academy certificate, posted out to you in recognition of your achievement.

### Learning on the go

Designed for learning on the go, our courses are available 24/7 without a timescale in which you have to complete them. Complete your training around your own timetable.

### By experts, for experts

With their combined 50 years of experience, our training experts have created our course materials to provide you with the latest electrical knowledge in a range of subjects.

### Professional development

Supporting your professional development with the latest information on products and trends within the industry, we also send out a free certificate upon course completion.

### Catalogue of learning

Whether you want a quick top up course on our products, or in depth training on a trend within the industry, you can find a course style suited for you.
