Sollysta Decorative
December 2020

Aesthetically pleasing whilst having all the reliable Sollysta functions.

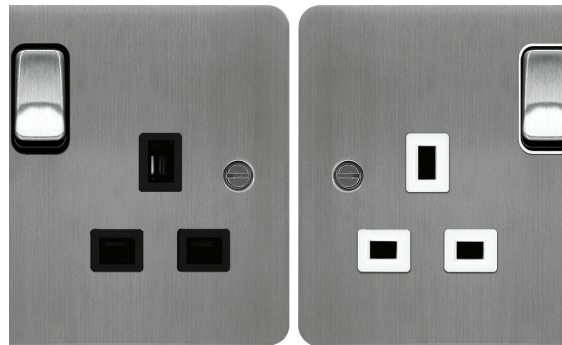

Decorative Finishes

Sollysta Decorative wiring accessories are available in 3 finishes; brushed steel, polished steel and black nickel.

Loop Terminal

Sollysta switches come with a unique patented neutral loop terminal to provide easy neutral conductor termination at a workable height for installers.

Inserts

Following suit of for the rest of the Sollysta family, the option for white or black inserts are available for the majority of the decorative range.

Plates

The decorative range offers flat plate or raised plate options for its products, to suit the installation preference.

Saving time

The terminals all face the same direction, removing the need to rotate the product during installation. Terminal screws are supplied in the backed out position to save installation time.
