

# Now Stocking

## Residential Distribution

Functional, stylish, and innovative, our Design Range of consumer units provide an exceptional option for any home.

## Design Range Consumer Units

Our functional and contemporary range of consumer units allow for a quick and easy installation.

Available in surface, dual row and flush options, there is an adaptable solution for every type of installation. In addition, our range encompasses a variety of accessories to provide optimal protection and flexibility.

### Design 10

Design 10 is our board for all applications. As with all models in the range, there is ample cable space available even when RCBOs are fitted.

### Design 30

Design 30 was created with improved aesthetics and features for applications where the board would be installed in visible locations within a home.

### Design 50

This unit focuses on clean aesthetics and a flush fit for seamless integration into any home. Design 50 comes with all the installation features you would expect from us.
